6. Crime Severity Index Report

On July 22nd 2025, all police services received a message from Statistics Canada regarding the 2024 Police-reported Crime Statistics. The Crime Severity Index is a measure of police-reported crime that reflects the relative seriousness of individual offences and tracks changes in crime severity. It was first introduced in 2009 and was developed at the request of the policing community to address limitations to the traditional Crime Rate. It is available back to 1998. Lower the crime severity index value = better (higher the ranking).
